Academic Integrity

Students are expected to adhere to the highest standards of academic integrity. Any student found to have engaged in academic dishonesty will be subject to the sanctions described in the [Academic Dishonesty Policy](#) (UPS 300.021). Academic dishonesty includes,

but is not limited to, cheating, plagiarism, fabrication, facilitating academic dishonesty, and submitting previously graded work without prior authorization. Students are expected to be familiar with the university's policy on academic dishonesty and to adhere to this policy in all aspects of this course. Any student who has questions about the policy should ask the professor for clarification.

Plagiarism

Plagiarism is a serious violation of academic integrity and will not be tolerated in this course. Plagiarism includes, but is not limited to, copying and pasting text from sources without proper citation, paraphrasing text from sources without proper citation, and submitting work that is not your own. Students are expected to properly cite all sources used in their work and to submit original work. Failure to do so may result in a failing grade for the assignment and further disciplinary action.

Written Work

All written work must be submitted in a professional format, including proper grammar, spelling, and punctuation. Written work must also be properly cited using the appropriate citation style. Students are expected to follow the guidelines for written work provided by the professor and to seek clarification if they have questions about the requirements.

Artificial Intelligence Policy

Definition of Generative AI

For this course, generative AI refers to systems capable of producing human-like text, images, data analysis, or other content. Examples include:

- Large Language Models (e.g., GPT-4, GPT-5, Claude, Gemini, TitanGPT)
- Text-to-image or multimodal generators (e.g., DALL•E, Midjourney)
- AI writing assistants and summarizers
- Automated coding, data, or content generators

AI Use Policy

AI is permitted and encouraged as a learning tool, under the following guidelines:

- **Allowed:** Using AI for feedback on annotated bibliographies, synthesis drafts, and reflections (see assignments for sample prompts).

- **Allowed:** Using AI to brainstorm questions, highlight gaps, or check clarity and organization.
- **Not Allowed:** Submitting AI-generated text as your own work or asking AI to rewrite your assignments.
- **Optional:** Students may choose whether or not to use AI tools for any assignment in this course. All work can be completed successfully without AI assistance. This optional approach applies to all course requirements, regardless of specific AI-related instructions in individual assignments.

Rationale for AI Policy

This policy is designed to ensure AI use strengthens not substitutes your academic work:

1. Promotes critical engagement with public administration theory by using AI as a feedback partner.
2. Enhances literature review and writing by highlighting missing connections or blind spots.
3. Builds professional literacy with tools already common in public service organizations.
4. Develops ethical judgment by practicing responsible use of emerging technologies.
5. Encourages sustainability awareness in balancing AI's benefits with its environmental costs.

Ethics and Responsible Use

Students are expected to engage with AI responsibly:

- **Authorship:** All substantive writing must be your own. AI may provide critique, but not draft or rewrite.
- **Citation:** When AI meaningfully informs your work, cite it (e.g., "ChatGPT (GPT-5) [AI model], feedback received [date]").
- **Bias Awareness:** AI outputs reflect biases. Evaluate them critically for fairness and accuracy.
- **Sustainability:** Be mindful of AI's environmental footprint and use tools thoughtfully.

Repercussions for Misuse

- Misuse includes submitting AI-generated work as your own, failing to cite AI contributions, or relying on AI instead of demonstrating your own analysis.
- Consequences may include revision requirements, grade penalties, or formal academic integrity proceedings.

Assessment of AI Use

AI use will be assessed not by how often you use it, but by how thoughtfully you integrate it into your learning:

- Evidence of revision and improvement based on AI or peer feedback.
- Student reflections on the usefulness and limitations of AI.
- Quality of class participation, showing independent engagement with readings and theory.
- Final projects that demonstrate original critical thinking, even if AI supported the drafting process.

The goal is to treat AI as a *feedback partner*—a tool to sharpen your analysis, deepen your questions, and strengthen your voice in public administration.

11. Course Requirements

1) Weekly Readings Assignment

Important Note: Beginning in Week 1, all students are required to include copies of their AI feedback as an *appendix* to their final weekly submission. AI feedback is:

- **Required** for final synthesis papers every week.
- **Optional** for annotated bibliographies after Week 3.

The capstone course is designed to integrate key theories and practices in public administration through weekly assignments culminating in a comprehensive capstone synthesis paper. Students will engage with foundational readings, participate in in-person discussions, and produce critical analyses that connect theory to practice.

Weekly Assignment Workflow

Each week includes the following components:

1. Annotated Bibliography (Due Monday Before Class)

- **Purpose:** Prepare for in-class discussion by summarizing key ideas and evaluating the relevance of assigned readings.
- **Instructions:**
 - For each assigned reading:
 - * Provide a citation in APA or Chicago author-date style.
 - * Write a 150-word annotation that includes:
 - A brief summary of the central argument and key points.
 - Relevance to the week's topic and implications for public administration.
 - **Optional AI Feedback (Weeks 1–3 Required; Week 4+ Optional):** Students may use tools such as OpenAI's [ChatGPT](#), Anthropic's [Claude](#), Google's [Gemini](#), or the university's [TitanGPT](#) to request feedback.
 - **Sample Prompt:**
`"Here is my annotated bibliography entry. Citation: [insert citation]. Summary: [insert summary]. Relevance: [insert relevance]. Please give me feedback on clarity and accuracy, and suggest 1-2 questions I could raise in class."`

2. Rough Draft Synthesis Paper (Due Tuesday Before Class)

- **Purpose:** Develop an initial critical analysis integrating insights from the readings to facilitate in-class discussion.
- **Instructions:**
 - Write a 3-page rough draft synthesis paper that:
 - * Identifies patterns, connections, and contradictions across the readings.
 - * Highlights implications for public administration theory and practice.
 - This draft should be substantive but will be refined based on class discussion and further reflection.

3. In-Person Class Discussion (Tuesday)

- **Purpose:** Deepen understanding of the week's readings through collaborative discussion and refine synthesis thinking.
- **Activity:** Analyze key themes, patterns, and contradictions in the readings; discuss insights from rough drafts.

- **Special Workshops:** In Weeks 3, 6, and 9, class will include structured peer review workshops in addition to regular discussion.

4. Final Synthesis Paper & Reflection (Due Friday Night)

- **Purpose:** Produce a polished critical analysis incorporating insights from class discussion.
- **Instructions:**
 - Write a 4- to 5-page final synthesis paper that:
 - * Refines and expands the rough draft based on class discussion.
 - * Demonstrates sophisticated integration of readings with deeper analysis.
 - * Connects theory to practice in public administration.
 - **AI Feedback (Required):** Students must use an AI tool for feedback and copy/paste the AI response into the appendix of their final submission.

"I've drafted a synthesis paper that integrates [number] readings on [topic]. Please identify strengths and gaps in my analysis, and suggest additional connections I could make. Do not rewrite the paper."
 - Write a brief personal reflection on your learning process and insights gained from the week's work.
 - Include all AI feedback used during the week in an appendix.

Peer Review Workshop Schedule

In addition to regular class discussion, structured peer review workshops will occur during class in:

- **Week 3:** Focus on developing stronger analytical connections
- **Week 6:** Emphasis on theory-practice integration
- **Week 9:** Final comprehensive exam preparation and synthesis refinement

AI Use and Academic Integrity: AI may be used to provide feedback, raise questions, or suggest additional angles for analysis. It may **not** be used to draft or rewrite your work. All writing must remain your own. Please read the **Artificial Intelligence Policy** section of this syllabus for more details on how to use AI responsibly in this course and refer to Table

Table 1: Guidelines for Responsible AI Use in the Course

AI Use: Do's	AI Use: Don'ts
Use AI to give feedback on your writing (clarity, gaps, connections).	Use AI to write or rewrite your assignments.
Ask AI to suggest questions for discussion or reflection.	Copy/paste AI text and submit it as your own work.
Cite AI when it meaningfully shaped your thinking (e.g., "Chat-GPT feedback, 9/10/25").	Omit citation when AI influenced your work.
Use AI to check organization, coherence, or flow .	Rely on AI without engaging critically with course readings.
Be mindful of biases and sustainability impacts .	Treat AI outputs as authoritative without evaluation.
Remember: Your voice, analysis, and synthesis must remain central .	Assume AI can replace your own critical thinking.

2) Practice Comprehensive Exam Response

Week 10: Comprehensive Exam Response

- **In-Person Class:** Question opens on Sunday. In class we'll have a final preparation.
 - **Activities:**
 - * Review key theoretical frameworks.
 - * Discuss strategies for integrating course materials into a comprehensive argument.
- **Comprehensive Exam Response:**
 - **Objective:** Demonstrate mastery of key themes by critically engaging with classical public administration theory, New Public Service, and New Public Management.
 - **Requirements:**
 - * Length: 1,620 words.
 - * Address the provided exam question with clear argumentation and citations.
 - * Use APA or Chicago author-date citation style.
 - * Engage deeply with course readings.
 - **Assignment:** Final Exam Response Submission (due Saturday night).

3) Reading Discussion Facilitation

Students will facilitate class discussions in pairs for Weeks 2 through 9 (skipping Week 1). With 9 students, most weeks will have facilitator pairs, with one week requiring a group of three. Facilitators will lead integrated discussions that build on their collaborative preparation and the rough draft synthesis papers submitted prior to class, creating a dynamic learning environment that bridges individual preparation with collaborative analysis.

Facilitator Responsibilities

Pre-Class Preparation:

- Collaborate with your partner(s) to share and discuss your annotated bibliographies, identifying complementary perspectives and areas of disagreement
- Prepare 6–8 discussion questions that connect readings to broader public administration theory and practice
- Design activities that encourage synthesis across readings and connection to current events or case studies
- Divide facilitation responsibilities and plan your collaborative approach

Class Facilitation (45 minutes):

- **Opening synthesis (10 minutes):** Collaboratively present key themes and tensions across the week's readings, drawing on your joint analysis
- **Facilitated discussion (25 minutes):** Guide analysis through prepared questions, ensuring all students contribute and connecting individual insights from rough drafts
- **Practical connections (10 minutes):** Lead discussion on implications for public administration practice, current policy issues, or professional scenarios

Post-Class Reflection:

- Each facilitator submits an individual brief (250-word) reflection on Canvas within 24 hours, analyzing what worked well, partnership dynamics, and what insights emerged from the discussion

Assessment Criteria

Facilitator pairs will be evaluated on:

- **Preparation and Collaboration:** Demonstrates thorough understanding of readings and effective partnership in synthesizing different perspectives from their joint preparation

- **Discussion Leadership:** Creates inclusive environment, manages extended class time effectively, and guides productive dialogue without dominating
- **Critical Inquiry:** Poses thought-provoking questions that push beyond summary to analysis, evaluation, and application within their 45-minute segment
- **Integration:** Successfully connects readings to broader course themes, current events, and professional practice in public administration
- **Adaptability:** Responds effectively to unexpected directions in discussion and incorporates diverse student perspectives within their facilitation time
- **Professional Communication:** Maintains respectful, scholarly discourse while encouraging risk-taking in thinking and effectively shares facilitation responsibilities

Note: Facilitator assignments will be distributed at the beginning of the semester. The instructor will handle all peer review workshop activities during designated weeks (3, 6, 9).

4) MPA Comprehensive General Area Essay Exam

Students will complete a comprehensive general area essay exam as part of the MPA program's comprehensive exam requirement. The exam will consist of two questions from which students will choose one to answer. The questions will be based on the course readings and discussions and will require students to demonstrate their understanding of public administration's key concepts, theories, and debates. The exam will allow students to synthesize their learning in the course and demonstrate their ability to think critically and write clearly about complex issues in public administration. Students who do not pass the exam on the first attempt will have the opportunity to retake the exam once during finals week. The grade for the exam is pass/fail. Students who do not pass on the second attempt will be required to retake the course.

5) Concentration Area Writing Project

Note: The specific focus of this project will vary depending on your concentration area (Public Finance, Human Resource Management, Local Government Management, or Public Policy). Detailed assignment sheets for each concentration provide tailored prompts and options. This syllabus outlines the shared structure, requirements, and grading criteria for all students.

Prosper Together (2021) as a central text, students will explore how exclusionary policies and inequitable governance affect their concentration area, such as public finance, human resources, local government management, or public policy. The assignment is scaffolded into stages to guide students toward producing a polished, analytical final paper.

Objectives:

- Develop expertise in a specific public administration concentration area.
- Enhance research, analytical, and writing skills.
- Synthesize theoretical frameworks with practical case studies.
- Critically examine how equity and exclusion affect public administration.

Assignment Stages and Requirements:

1. Topic Selection (10% of assignment grade):

2. Literature Review (20% of assignment grade):

- Draft a literature review that synthesizes key themes from *The Sum of Us*, course readings, and additional scholarly materials.
- Discuss how McGhee's arguments about exclusion, equity, and shared prosperity connect to themes in your concentration area.

3. Peer Review Workshop (20% of assignment grade):

- Participate in a peer review workshop to provide and receive feedback on your literature review and paper outline.

4. Final Paper (50% of assignment grade):

- Submit a polished final paper that integrates feedback from earlier stages.
- Analyze an issue relevant to your concentration through the lens of equity and shared prosperity, connecting theoretical frameworks to practical lessons.
- Ensure the paper is 9–12 pages (excluding references), double-spaced, and formatted in APA or Chicago author-date style.

Submission Timeline:

- **Topic Outline:** Due Week 13
- **Literature Review:** Due Week 14
- **Peer Review Workshop:** Due Week 15
- **Final Paper:** Due Week 16

General Guidelines:

- **Grounding:** Papers must be firmly rooted in *The Sum of Us* and assigned concentration literature, demonstrating a deep understanding of both. Students may also incorporate relevant literature from the capstone or other MPA courses.
- **Length:** 9–12 pages, double-spaced (excluding references).
- **Formatting:** Use 12-point Times New Roman font with 1-inch margins. APA or Chicago author-date citation style is required.
